

SERVICE EMPLOYEES INTERNATIONAL UNION CTW, CLC
MICHIGAN STATE COUNCIL

On behalf of our SEIU Michigan State Council officers and the approximately **30,000** members they represent, I am pleased to inform you that the SEIU Michigan State Council has chosen to endorse your campaign. **Congratulations!** We believe you are the best candidate to represent the concerns and needs of our diverse membership and we expect that you will keep them in mind while you execute the duties of your elected position.

Please feel free to publicize this endorsement and mention it in your campaign literature. An endorsement by the State Council means all four SEIU Locals have endorsed you.

At SEIU, we believe in the right of all people to organize and join unions. We believe that everyone deserves dignity and respect in the workplace and we believe that government should work for all our citizens to create opportunities to succeed. We expect you will be an advocate for policy that makes it easier to join a Union, be supportive of a living wage and work as hard as our membership does to secure worker's rights in both the public and private sector. We look forward to working with you during your campaign so we can celebrate future victories for working people everywhere. Do not hesitate to reach out if you have any questions or if our organization can be of any help.

Again, congratulations on the endorsement and best of luck in your campaign!

Sincerely,

Steve James, Political Director
SEIU Michigan State Council
